Productivity of major ports

3243. SHRI S.P.M. SYED KHAN: Will the Minister of SHIPPING ROAD TRANSPORT AND HIGHWAYS be pleased to state:

(a) whether it is a fact that the productivity of major Indian ports is very low as compared to ports in developed nations;

(b) whether Government have planned any long-term modernization programme to upgrade ports;

(c) if so, the details thereof; and

(d) the steps taken by Government with regard to enhancing the standards of major ports with the International Standards?

THE MINISTER OF SHIPPING, ROAD TRANSPORT AND HIGHWAYS (SHRI T.R. BAALU): (a) There is no validated system of benchmarking and/or universally accepted set of parameters on the basis of which the performance of various ports could be collated for arriving at definitive conclusions on relative performance. However, the efficiency parameters like Average out put per ship berth day, Average turn round time for major ports in India have been consistently improving over the years.

(b) to (d) Modernisation and development of the major ports in India is an on-going process keeping in view the demands of maritime trade. An outlay of Rs.4531.29 crores has been provided under the Tenth Plan for development of the major ports. In addition, private sector investment to the tune of Rs.11257 crore is also envisaged for development of major ports during the Tenth Plan period. The scheme for development of the major ports include deepening of channels to facilitate berthing of large size vessels, construction of new berths, upgradation/expansion of existing
